

Drive in take away
Or delivery menu

All items served same as in the pub, just not...

We figured that most people would not want to visit their local pub currently so we decided to bring the pub to you. With slightly discounted prices on these menu items, we hope you would take the opportunity to relax and let us do your cooking. We can assure you that the Stag has strict hygiene plans in place and that we are monitoring all staff and customers to stay safe. We recommend that you place your order and collect it from us in the car park to limit our staff having to visit multiple properties and therefore can carry on with their regular duties.

You can always pop into the pub and use contactless payment on collection. Together we shall...

Keep
Calm and
Carry On

Please call us on 01491571227 to place your order. Then either pay by card on collection or over the phone for delivery.
